

Saturn DV PC

Model SPS1200e IPC

Highlights

- Intel® J1900 2.4 Ghz and Intel I3 Processor
- 3 Stage Fan or Air Conditioned Cooling
- Ports:
 - 5 USB Ports, 3 Serial Ports, 1 Display Port 1 Parallel port, 1 Gigabit LAN
- Small Form Factor
- Wall Mountable
- Spill and Dust Resistant
- Low Power consumption

Designed to Provide Enhanced Computing Performance and Versatility

The SPS 1200e IPC features the Intel® Quad Core Processor J1900 2.42 Ghz, optional Intel I3, with less power consumption and more IO Ports. Custom configurations available.

The SPS 1200e IPC is a intelligently cooled system for the harshest of industrial environments. wall mountable. It provides rich features like 3 serial ports, 5 USB Ports (4 USB2.0 and 1 USB 3.0) 1 Gigabit LAN, Parallel Port, Display Port as a secondary Video output .

The SPS 1200e IPC is the perfect product for both bench and automatic gaging applications in harsh industrial environments.

Saturn DV PC

*Shown with Optional Air Conditioned Cooling

Side View: featuring PS2, 2nd LAN, Display and Parallel and Audio ports

Motherboard		External I/O Ports	
Processor	Intel Quad Core Processor J1900 2.4 Ghz, and I3	USB port	4xUSB 2.0, 1xUSB 3.0
Cache	2MB	Serial port	3 RS-232 ports (power option via jumper)
CPU MARK SCORE	2052 points	Gigabit LAN	1
Chipset	Intel® NM70 Chipset	2nd Gigabit LAN	Optional
System Memory	1xDDR3L SoDimm 4 to 8GB, 1333Mhz	DVI	Optional (Display port to DVI adapter)
Graphic Memory	Intel® HD Graphics DX11	DC Jack	Lock-in 4PIN, 19V
# Displays Supported	2	VGA	1
Storage		Audio-out port	1
Hard Disk Drive	2.5" SATA HDD	Parallel port	1
Flash Memory	2.5" SATA SSD (optional)	PS/2 port	1
Thermal Solution		Display Port	1
Fanless	Yes	Cash Drawer Port	1
Vent holes	No, Sealed Design	Dimensions (WxDxH)	222x138x36.8mm (8.7"x5.4"x1.4")
Expansion		Weight	1.2kg (2.6LBS)
MiniPCI-e slot	1 (for wireless or 2nd LAN)	Mounting Option	100mm x100mm VESA or flexible mounting support Windows 7, Windows 10
		OS Supported	
		64bit support	YES
